GENERAL EDUCATION

GENERAL EDUCATION PROGRAM

The General Education Program is a central part of ***The Lewis Experience*** – an intentionally integrated set of opportunities that are distinctive to a Lewis undergraduate education. At Lewis University, our ***General Education Program*** that asks students to ***make meaning and connections*** among all parts of their educational and life experience. We believe that making these connections lead our graduates toward a ***Meaningful Professional Life*** that contributes to ***A Better World.***

The General Education Program consists of these areas and experiences:

A FOUNDATION CORE

With few exceptions, these are specific courses that all students take. These courses are the most immediate and tangible way we express what we think is most important for all students to *know*, *do*, and *value*.

- **Professional Skills**, where students learn to communicate effectively verbally, in writing, and using quantitative data.
- **Catholic and Lasallian Values**, where students discover how to use their knowledge and talents to further social justice in conversation with our Lasallian heritage.

THREE INQUIRY DOMAINS

These are courses designed to help students **broaden general knowledge**, introduce them to **new modes of thinking and learning**, help them **understand and interrogate the world** around them, and to give them a **broad understanding of what it is to be "human."**

- **Humanities and the Arts** where students experience how human cultures are formed; how ideas, emotions, and responses are expressed and understood; and how humans employ critical and creative thinking to solve problems.
- **Social Sciences** where students learn how humans relate to one another in groups; how humans develop and interact in social systems; and how to be responsible and engaged citizens in a diverse world.
- **Scientific Investigations** where students learn how humans understand, explain and interact with the physical world and natural phenomena; and how scientific knowledge is applied to some of society's most pressing problems.

THREE AREAS OF INTEGRATIVE LEARNING

In these experiences, we ask students to **make connections** between themselves, their learning, and the world around them:

- **Interdisciplinary Seminar**s ask students to make connections across disciplines
- **Civic Engagement** asks students to make connections with the Will County and Chicagoland communities
- **Globalization** asks students to make connections with the world

EXPERIENTIAL LEARNING

Part of ***The Lewis Experience***, Experiential Learning is the process of learning by doing, where students can connect work or experiences in and out of the classroom with prior, present, or future learning or experiences. Experiential Learning (EL) occurs when students **actively engage** in experiences and **meaningfully reflect** on their learning.

Each of these components works together by developing a well rounded, educated person who is prepared to have a ***meaningful professional life***; one that ***makes the world a better place.***

First-Year Student

Transfer Credit Hours: 0-29
Degree: B.A., B.S. or B.E.S.
General Education: 48-58 credit hours

Applicability of General Education curriculum	
Students beginning Fall 2019 or after.	

(exception Experiential Learning requirement, see above)

1 Advanced Writing is met through a designated course in the student's major.

2 Accelerated (SGPCE) students are not required to complete Cornerstone.

The Globalization requirement may be met by completing a semester of Study Abroad.

Technology, a part of the Integrated Learning requirements, is defined by program and is not a specific course taken.

Illinois Articulation Initiative

Lewis Universityparticipatesfullyin the General Education Portion of the Illinois Articulation Initiative (IAI).Transfer students who have completed the IAI General Education Core Courses (IAI GECC) and/or the Associate of Art (AA) or Associate of Science (AS) degree witha previous#institution will have to complete only theappropriate Mission-based#courses as part of the graduation requirements for Lewis University. Any student who enters Lewis University without having completed the full IAI GECC and/or AA or AS degree will need to fulfillall of#the courses listed above. If transferring out, students will have to complete an appropriate set of IAI-aligned courses to complete the IAI GECC (https://itransfer.org/courses/worksheet.php).

Visit the Illinois Articulation Initiative Website atwww.itransfer.org#for more information on approved courses from each participating Illinois college. Credits earned through Prior Learning Assessment cannot be used to meet the minimum credit hour requirement for admission.

Visit the Admissions (https://catalog.lewisu.edu/undergraduate/general-information/admission-policies/#IAI) section of the catalog for more information about transfer evaluation.

Associate Degree Student

Degree: A.S. or A.A.

General Education: 36-38 credit hours
