

# LIBERAL ARTS

---

The Liberal Arts major is intended for students who require more flexibility in their program of studies than a traditional major allows. In consultation with the director of the program, each Liberal Arts major designs a program of studies that will focus on the student's academic interests.

The various combinations among minors provides the student with exciting possibilities such as Mathematics and Sociology; Paralegal Studies and Philosophy of Law; Environmental Studies and Public Administration; Biology and Art; Film Studies and Psychology; Theology or Spanish Language and Culture and Latina/Latino Studies; Music and English; Aviation Flight Management and Physics; and many more interesting and inviting blends.

## Programs

### Bachelor

- Liberal Arts / Bachelor of Arts (<https://catalog.lewisu.edu/undergraduate/humanities-fine-arts-communication/liberal-arts/liberal-arts-bachelor/>)
